

## Housing Services

SACHA aims to provide a range of housing solutions to young people, single adults and families. The overriding aim of our provisions is to support all service users and tenants in order to live independently.

An overview/summary of the support provided is supplied in each section but it is by no means exhaustive or limited to the information displayed. As we further develop our services and website relevant information will be added on a regular basis.

To ensure that your accommodation and property needs are met, all service users and tenants will be assessed to ascertain eligibility and their requirements, to ensure that our accommodation and service provisions remain appropriate and relevant to their needs.

The range of services includes;

- ✓ **Supported Housing**
- ✓ **Home Finders Scheme**
- ✓ **Temporary Accommodation**
- ✓ **Choice Based Lettings**
- ✓ **Shared Ownership**
